Hence the premium or assessment on 500 such mem-bers could not well amount to more than \$12.30 per annum. This, experience has proved to be correct, to which the Odd Pellow's Mottal Aid Association of this city gives evidence. It would not be fair Pellow's Mutual Aid Association of this city gives evidence. It would not be fair to calculate the death rate of the schold population of a city like Wheeling and after it stipulate the cost of an unknown insurance for men between 21 and 50 years; a class which shows a very small portion of the deaths occurring in the community.

Will you please make a note of this in your paper, as the editorial of to-day might possibly mislead those who have not made lile insurance a special study, and much oblige, Yours respectfully,
